RE-LAMPING AND REPAIR SERVICES

1.0 INTENT:

The intent of this Invitation for Bid is to establish a listing of qualified lighting contractors to replace lamps/bulbs on building interiors and exteriors, parking lots, emergency lighting, signalized intersections and other lighting applications. It will also provide re-lamping upgrades for energy efficiency at selected sites on an as needed basis. Multiple awards (listing of qualified contractors) will be made. At the time a requirement is identified, requests for quotation will be issued to each qualified contractor. Award(s) will be made to the contractor meeting specification and offering the lowest price.

Other governmental entities under agreement with the County may have access to services provided hereunder (see also Sections 2.33 and 2.34, below).

The County reserves the right to award in whole or in part, by item or group of items, by section or geographic area, or make multiple awards, where such action serves the County's best interest.

The County reserves the right to add additional contractors, at the County's sole discretion, in cases where the currently listed contractors are of an insufficient number or skill-set to satisfy the County's needs or to ensure adequate competition on any project or task order work.

2.0 SCOPE OF SERVICES:

2.1 Contractor shall provide all test equipment, tools, labor, supervision, materials, parts, transportation, and all effort necessary to carry out the specifications herein.

2.2 HOURS OF SERVICE:

REGULAR SERVICE shall be work performed at regular County business hours (6:00 AM to 6:00 PM), Monday through Friday, excluding County holidays.

AFTER HOURS SERVICE shall be work performed after 6:00 PM and before 6:00 AM the next morning and Saturday work.

SUNDAY & HOLIDAY SERVICE shall be work performed during Sunday or during any County holiday.

Due to the nature of many County facilities operating on a seven/twenty-four schedule, each contractor awarded this bid shall make available to the County electrical services 365 days per year, 24 hours per day.

2.3 Response time for a requested service call shall be six (6) hours (on-site) after Contractor receives request from FMD for REGULAR hours, and three (3) hour respond on-site for calls AFTER HOURS. There shall also be a two (2) hour on-site response for any call during REGULAR hours if requested as an EMERGENCY.

2.4 Contractor to source all lamps, ballasts, and parts. All replacement components to be new. Ballasts shall be warranted for one year. While under warranty, labor to replace shall be at no additional cost to the County

2.5 Some lighting systems shall require replacement/repair while energized.

2.6 Project Work and Time and Materials:

2.6.1 Project work shall mean re-lamping performed as an all-inclusive price; not time and materials. The Contractor(s) shall meet with the FMD staff at the site to ascertain what work is to be performed. Each of the contractors assigned to this contract shall be provided a request for project quote with a detailed Scope of Work. As such, each contractor MUST submit a response, with award to the lowest quote of the project.

Contractors are not to submit their own project quote sheets. Only County letterhead quote sheets are acceptable. All terms and conditions are those established under this agreement. All additional labor charges outside the Scope Of Work are those established in Attachment A, PRICING.

Contractor shall be compensated for additional work requested that is not detailed in the scope via the labor rates bid in Attachment A, PRICING.

2.6.1.1 The threshold from time and materials to project work shall be \$5,000.00. Exceptions to this shall be emergencies that arise and must be dealt with immediately without the time for project quotes. This figure is not firm fixed. The County reserves the right to adjust this figure to a higher-level if deemed in the best interest of the department.

2.6.1.2 The project quote sheet will contain the following information:
The contract serial number and name;
Name and address of site;
FMD site number;
Detailed scope of work,
Other information relative to the S-O-W,

Price

2.6.2 The submitted project price quote will be all-inclusive. Any cost overruns will be absorbed by the Contractor, or cost savings to be additional profit. Exceptions to this are changes requested by the County that incur higher project cost and longer delays. All change orders to a project must be in writing, referencing the contract serial number, and approved by FMD prior to any authorization to proceed. The Contractor who fails to acquire change orders in writing runs the risk of incurring these additional costs without payment.

Project pricing shall include everything the contractor anticipates is necessary to complete the job (i.e., rental equipment, materials, labor, supervision, subcontractor costs, mobilization costs, demobilization costs, permits, etc.). These costs to be part of the overall project price and as such not itemized. Construction tax may be applied, but shall be part of the project cost and not a separate line item.

2.6.3 Project Price Ceiling Limits:
Projects shall not exceed \$150,000.00 each. If an emergency occurs, this price ceiling may be lifted if approved by the **Office of Procurement Services** Procurement Officer assigned to this contract, otherwise, the project may be separately bid outside of this contract document. This to ensure the County receives adequate competition for such work.

2.6.4 Time and Materials:
This contract may also be used for time and materials work (not to exceed \$5,000 without approval from the **Office of Procurement Services**) and priced per hour as bid in the pricing section.

All subsequent fuel cost adjustments shall be based upon the date the County approves a Contractor's request for fuel cost adjustment (e.g. fuel cost adjustment

- 2.32.5 Fuel Cost Application Requirement.
