Only invoices with items resulting from this Request for Proposal will be accepted for review and approval by the City.
15. **Estimated Quantities:** This Request for Proposal references quantities as a general indication of the City's needs. The City anticipates considerable activity resulting from Contracts that will be awarded as a result of this Request for Proposal; however, the quantities shown are estimates only and the City reserves the right to increase or decrease any quantities actually acquired, in its sole discretion. No commitment of any kind is made concerning quantities and Offeror hereby acknowledges and accepts same.
16. **Events of Default and Termination:**
- A. The occurrence of any or more of the following events shall constitute a material breach of and default under the Contract. The City reserves the right to terminate the whole or any part of the Contract due to Contractor's failure to fully comply with any term or condition herein.
- i) Any failure by Contractor to pay funds or furnish materials, services and/or goods that fail to conform to any requirement of this Contract or provide personnel that do not meet Contract requirements;
- ii) Any failure by Contractor to observe, perform or undertake any provision, covenant or condition of this Contract to be observed or performed by Contractor herein, including but not limited to failing to submit any report required herein;

- iii) Any failure to make progress in the performance required pursuant to the Contract and/or gives the City reason to believe that Contractor cannot or will not perform to the requirements of the Contract; or,
- iv) Any failure of Contractor to commence construction, work or services within the time specified herein, and to diligently undertake Contractor's work to completion.

B. Upon and during the continuance of an event of default, the City, at its option and in addition to any other remedies available by law or in equity, without further notice or demand of any kind to Contractor, may do the following:

- i) Terminate the Contract;
- ii) Pursue and/or reserve any and all rights for claims to damages for breach or default of the Contract; and/or,
- iii) Recover any and all monies due from Contractor, including but not limited to, the detriment proximately caused by Contractor's failure to perform its obligations under the Contract, or which in the ordinary course would likely result there from, including, any and all costs and expenses incurred by the City in: (a) maintaining, repairing, altering and/or preserving the premises (if any) of the Project; (b) costs incurred in selecting and retaining substitute Contractor for the purchase of services, materials and/or work from another source; and/or (c) attorneys' fees and costs in pursuing any remedies under the Contract and/or arising there from.

C. The exercise of any one of the City's remedies as set forth herein shall not preclude subsequent or concurrent exercise of further or additional remedies. In addition, the City shall be entitled to terminate this Contract at any time, in its discretion. The City may terminate this Contract for default, non-performance, breach or convenience, or pursuant to A.R.S. § 38-511, or abandon any portion of the project for which services have not been fully and/or properly performed by the Contractor.

D. Termination shall be commenced by delivery of written notice to Contractor by the City personally or by certified mail, return receipt requested. Upon notice of termination, Contractor shall immediately stop all work, services and/or shipment of goods hereunder and cause its suppliers and/or subcontractors to cease work pursuant to the Contract. Contractor shall not be paid for work or services performed or costs incurred after receipt of notice of termination, nor for any costs incurred that Contractor could reasonably have avoided.

E. The City, in its sole discretion, may terminate or reduce the scope of this Contract if available funding is reduced for any reason.

17. **Termination for Convenience:** The City at its sole discretion may terminate this Contract for convenience with thirty (30) days advance notice to Contractor. Contractor shall be reimbursed for all appropriate costs as provided for within the Contract up to the termination date specified.

18. **Force Majeure:**

- A. Except for payment of sums due, neither party shall be liable to the other nor deemed in default under the Contract only in the event that and to the extent that such party's performance of the Contract is prevented by reason of force majeure. Force majeure means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes acts of God, acts of the public enemy, war, riots, mobilization, labor disputes, civil disorders, fire, floods, lockouts, injunctions, failures or refusal to act by government authority, and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence.
- B. Force majeure shall not include the following occurrences:
- i) Late delivery of equipment or materials caused by congestion at a manufacturer's plant or elsewhere, an oversold condition of the market, inefficiencies, or similar occurrences.
 - ii) Late performance by a subcontractor.
- C. If either party is delayed at any time in the progress of the work by force majeure, then the delayed party shall notify the other party in writing of such delay within forty-eight (48) hours of the commencement thereof and shall specify the causes of such delay in the notice. Such notice shall be hand delivered or sent via certified mail and shall make a specific reference to this clause, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing by hand delivery or certified mail when it has done so. The time of completion shall be extended by Contract modification for a period of time equal to the time that the results or effects of such delay prevent the delayed party from performing in accordance with the Contract.

19. **Gratuities:** The City may elect to terminate any resultant Contract, if it is found that gratuities in any form were offered or given by the Contractor or agent thereof, to any employee of the City or member of a City evaluation committee with a view toward securing an order, securing favorable treatment with respect to awarding, amending or making of any determinations with respect to performing such order. In event the Contract is terminated by the City pursuant to this provision, the City shall be entitled, in addition to any other rights and remedies, to recover or withhold from Contractor the amount of gratuity.

20. **Indemnification:** To the fullest extent permitted by law, the Contractor shall defend, indemnify and hold harmless the City, its agents, officer, officials, and employees from and against all claims, damages, losses and expenses (including but not limited to attorney's fees, court costs, and the costs of appellate proceedings), arising out of, or alleged to have resulted from the acts, errors, mistakes, omissions, work, services, or professional services of the Contractor, its agents, employees, or any other person (not the City) for whose acts, errors, mistakes, omissions, work, services, or professional services the Contractor may be legally liable in the performance of this Contract. Contractor's duty to hold harmless and indemnify the City, its agents, officers, officials and employees shall arise in connection with any claim for damage, loss or expenses that is attributable to bodily injury, sickness disease, death, or injury to, impairment, or destruction of any person or property, including loss of use resulting from, caused by any acts, errors, mistakes, omissions, work, services, or professional services in the performance of this Contract by Contractor or any employee of the Contractor or any other person (not the City) for whose acts, errors, mistakes, omissions, work, or services the Contractor may be legally liable. The amount and type of insurance coverage requirement set forth herein will in no way be construed as limiting the scope of indemnity in this paragraph. This provision shall survive the term of this Contract.

21. **Interpretation of Parole Evidence:** This Contract is intended as a final expression of the agreement between the parties and as a complete and exclusive statement of the Contract, unless the signing of a subsequent Contract is specifically called for in this Request for Proposal. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any term used in the Contract. Acceptance or acquiescence in a course of performance rendered under this Contract shall not be relevant to determine the meaning of the Contract, even though the accepting or acquiescing party has knowledge of the nature of the performance and opportunity to object.

Contractor shall respond within five (5) calendar days after notice by the City of any defects and/or maintenance requests to immediately remedy the condition of the job site. Should the Contractor fail to respond promptly as set forth herein, the City shall correct the job site at the expense of the Contractor, and recover all attendant costs.

22. **Key Personnel:** Contractor shall provide adequate experienced personnel, capable of and devoted to the successful accomplishment of work to be performed under this Contract during the Contract term and any renewal periods. The Contractor must agree to assign specific individuals to the key positions.

A. The Contractor agrees that, once assigned to work under this Contract, key personnel shall not be removed or replaced without prior written notice to the City.

B. If key personnel are not available for work under this Contract for a continuous period exceeding thirty (30) calendar days, or are expected to devote substantially less effort to the work than initially anticipated, the Contractor shall immediately notify the City, and shall replace each person with personnel of substantially equal ability and qualifications upon prior City approval.

23. **Licenses and Permits:** Contractor shall maintain in current status all federal, state and local licenses and permits required for the operation of the business conducted by the Contractor, at its sole expense.

24. **No Assignment:** No right or interest in this Contract shall be assigned by Contractor and no delegation of any duty of Contractor shall be made without prior written permission of the City.

25. **Notices:** All notices, requests, demands, consents, approvals, and other communications which may or are required to be served or given hereunder (for the purposes of this provision collectively called "Notices"), shall be in writing and shall be hand delivered or sent by registered or certified United States mail, return receipt requested, postage prepaid, addressed to the party or parties to receive such notice as follows:

City of Tempe Procurement Office
Attn: Procurement Officer
20 E. 6th Street (Second Floor)
PO Box 5002
Tempe, Arizona 85280

[Contractor's Name]
[Attn of Offeror Named in Contract]
[Address]

Or to such other address as either party may from time to time furnish in writing to the other by notice hereunder.

26. **No Waiver:** No breach of default hereunder shall be deemed to have been waived by the City, except by written instrument to that effect signed by an authorized agent of the City. No waiver of any such breach or default shall operate as a waiver of any other succeeding or preceding breach or default or as a waiver of that breach or default after demand by the City for strict performance of this Contract. Acceptance of partial or delinquent payments or performance shall not constitute the waiver of any right of the City. Acceptance by the City for any materials shall not bind the City to accept remaining materials, future shipments or deprive the City of the right to return materials already accepted. Acceptance by the City of delinquent or late delivery shall not constitute a waiver of a later claim for damages and/or bind the City for future or subsequent deliveries.
27. **Overcharges by Antitrust Violations:** The City maintains that, in actual practice, overcharges resulting from antitrust violations are borne by the City. Therefore, to the extent permitted by law, the Contractor hereby assigns to the City any and all claims for such overcharges as the goods and/or services used fulfill the Contract.
28. **Performance Standards:** Equipment shall operate in accordance with the performance criteria specified in the Request for Proposal, including the manufacturer's published specifications applicable to the machine involved. Each machine is expected to be available for productive use, as provided in the procurement documents. Penalties and/or bonuses applicable to machine and system performance, if any, shall be calculated as specified in the Request for Proposal.
29. **Preparation of Specifications by Persons Other Than City Personnel:** No person preparing specifications for this Request for Proposal shall receive any direct or indirect benefit from the use of these specifications.
30. **Procurement of Recycled Materials:** If the price of recycled material that conforms to specifications is within five percent (5%) of the lower priced material that is not recycled and the recycled Offeror is otherwise the lowest responsive and responsible Offeror, the proposal containing recycled material shall be considered more advantageous; provided the item(s) to be obtained contains at least the minimum amount of recycled content material as defined in the City's solicitation and sufficient funds have been budgeted for the purchase.
31. **Provisions By Law:** Each and every provision of law and any clause required by law to be in this Contract will be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the Contract will forthwith be physically amended to make such insertion or correction.
32. **Public Record:** After award of Contract, proposal responses shall be considered public record and open for public inspection except to the extent the withholding of information is permitted or required by law. If an Offeror believes a specific section of its proposal response is confidential, the Offeror shall mark the page(s) confidential and isolate the pages marked confidential in a specific and clearly labeled section of its proposal response. The Offeror shall include a written statement as to the basis for considering the marked pages confidential and the City Procurement Office will review the material and make a determination, pursuant to A.R.S. §§ 39-121, *et seq.*, and 41-1330, *et seq.* A general statement of confidentiality (boiler plate statement) that is not appropriately referenced to a specific section of the RFP will not be sufficient to warrant protection by the City. The confidential portion of the submission must be clearly noted with accompanying justification for treating the section confidential. Failure of the vendor to appropriately designate confidential information in this manner will relieve the City of any obligation to protect this information as confidential.
33. **Records:** Pursuant to provisions of Title 35, Chapter 1, Article 6 Arizona Revised Statutes §§ 35-214 and 36-215, Contractor shall retain, and shall contractually require each subcontractor to retain, all books, accounts, reports, files and other records relating to the acquisition and performance of the Contract for a period of five (5) years after the completion of the Contract. All such documents shall be subject to inspection and audit at reasonable times. Upon request, a legible copy of any or all such documents shall be produced at the offices of the City Attorney or City Procurement Office.

34. **Relationship of Parties:** It is clearly understood that each party to this Contract will act in its individual capacity and not as an agent, employee, partner, joint venture, or associate of the other party. The Contractor is an independent contractor and shall be solely responsible for any unemployment or disability insurance payments, or any social security, income tax or other withholdings, deductions or payments that may be required by federal, state or local law with respect to any compensation paid to the Offeror. An employee or agent of one party shall not be an employee or agent of the other party for any purpose whatsoever.
35. **Rights and Remedies:** No provisions of this Request for Proposal or in the proposal shall be construed, expressly or by implication, as a waiver by the City of any existing or future right and/or remedy available by law in the event of any claim of default or breach of Contract. The failure of the City to insist upon strict performance of any term or condition of the Contract or to exercise or delay the exercise of any right or remedy provided in the Contract, or by law, shall not release the Contractor from any responsibilities or obligations imposed by the Contract or by law, and shall not be deemed a waiver of any right of the City to insist upon the strict performance of the Contract.
36. **Safety Standards:** All items supplied on this Contract must comply with the current applicable Occupational Safety and Health Standards of the State of Arizona Industrial Commission, the National Electric Code and the National Fire Protection Association Standards.
37. **Serial Numbers:** Proposals shall include equipment on which the original manufacturer's serial number has not been altered in any way. The City reserves the right to reject any and all equipment.
38. **Severability:** The provisions of this Contract are severable to the extent that any provision or application held to be invalid shall not affect any other provision or application of the Contract which may remain in effect without the invalid provision or application.
39. **Specially Designated Nationals and Blocked Persons List:** Contractor represents and warrants to the City that neither Contractor nor any affiliate or representative of Contractor:
- A. Is listed on the Specially Designated Nationals and Blocked Persons List maintained by the Office of Foreign Asset Control, Department of the Treasury (OFAC) pursuant to Executive Order no. 13224, 66 Fed. Reg. 49079 ("Order");
 - B. Is listed on any other list of terrorists or terrorist organizations maintained pursuant to the Order, the rules and regulations of OFAC or any other applicable requirements contained in any enabling legislation or other related Order(s);
 - C. Is engaged in activities prohibited in the Order; or,
 - D. Has been convicted, pleaded *nolo contendere*, indicted, arraigned or custodially detained on charges involving money laundering or predicate crimes to money laundering.
40. **Time of the Essence:** Time is and shall be of the essence in this Contract. If the delivery date(s) specified herein cannot be met, Contractor shall notify the City using an acknowledgment of receipt of order and intent to perform without delay, for instruction. The City reserves the right to terminate this Contract and to hold Contractor liable for any cost of cover, excess cost(s) or damage(s) incurred as a result of delay.

41. **Unauthorized Firearms & Explosives:** No person conducting business on City property is to carry a firearm or explosive of any type. All Offerors, Contractors and subcontractors shall honor this requirement at all times and failure to honor this requirement shall result in Contract termination and additional penalties. This requirement also applies to any and all persons, including those who maintain a concealed weapon's permit. In addition to Contract termination, anyone carrying a firearm or explosive device will be subject to further legal action.
42. **Warranties:** Contractor expressly warrants that all materials and/or goods delivered under the Contract shall conform to the specifications of this Contract, and be merchantable and free from defects in material and workmanship, and of the quality, size and dimensions specified herein. This express warranty shall not be waived by way of acceptance or payment by the City, or otherwise. Contractor expressly warrants the following:
- A. All workmanship shall be finest and first-class;
 - B. All materials and goods utilized shall be new and of the highest suitable grade for its purpose; and,
 - C. All services will be performed in a good and workmanlike manner. Contractor's warranties shall survive inspection, acceptance and/or payment by the City, and shall run to the City, its successors, agents and assigns.

The Contractor agrees to make good by replacement and/or repair, at its sole expense and at no cost to the City, any defects in materials or workmanship which may appear during the period ending on a date twelve (12) months after acceptance by the City, unless otherwise specified herein. Should Contractor fail to perform said replacement and/or repair to City's satisfaction within a reasonable period of time, City may correct or replace said defective or nonconforming materials and recover the costs thereof from Contractor. This warranty shall not operate to reduce the statute of limitations period for breach of contract actions or otherwise, or reduce or eliminate any legal or equitable remedies.

43. **Work for Hire and Ownership of Deliverables:** Contractor hereby agrees and covenants that all the results and proceeds of Contractor's work and/or services for the Project specified herein, for Contractor and all of its agents, employees, officers and subcontractors, shall be owned by the City, including the copyright thereto, as work for hire. In the event, for any reason such results and proceeds are not deemed work for hire, Contractor agrees and covenants that it shall be deemed to have assigned to the City all of its right, title and interests in such results, proceeds and content to the City, without limitation. Contractor agrees to indemnify and hold the City harmless from and against all claims, liability, losses, damages and expenses, including without limitation, legal fees and costs, arising from or due to any actual or claimed trademark, patent or copyright infringement and any litigation based thereon, with respect to any work, services and/or materials contemplated in this Contract. Contractor agrees to pay to defend any and all such actions brought against the City. Contractor's obligations hereunder shall survive acceptance by the City of all covenants herein as well as the term of the Contract itself.
44. **Non-exclusive Contract:** Any Contract resulting from this Request for Proposal shall be awarded with the understanding and agreement that it is non-exclusive and entered into for the sole convenience of the City. The City reserves the right to obtain like goods or services from another source to secure cost savings or if timely delivery may be met by the Contractor
45. **Ordering Process:** Upon award of a Contract by the City Procurement Office, the City may procure the specific material and/or service awarded by the issuance of a purchase order to the appropriate Contractor. Each purchase order must cite the correct Contract number. Such purchase order is required for the City to order and the Contractor to deliver the material and/or service.

46. **Shipping Terms:** Prices shall be F.O.B. Destination to the delivery location(s) designated herein. Contractor shall retain title and control of all goods until they are delivered and the Contract of coverage has been completed. All risk of transportation and all related charges shall be the responsibility of the Contractor. The City will notify the Contractor promptly of any damaged materials and shall assist the Contractor in arranging for inspection. Shipments under reservation are prohibited. No tender of a bill of lading shall operate as a tender of the materials.
47. **Delegated Awards:** In the event this Contract is administratively awarded via delegated authority as provided for in Section 26A-5 of the Procurement Ordinance, the Contractor acknowledges that a final Contract with the City of Tempe requires City Council approval and possibly the signature of the Mayor. Should this Contract be rejected by the City Council, Contractor agrees that it is immediately void and unenforceable against any party. The awarded firm(s) will be compensated only for any and all costs incurred up to the date of notification of such termination.

Special Terms and Conditions

Proposals taking exception to Special Terms & Conditions stated within this Request for Proposal may cause the Proposal to be considered nonresponsive and rejected.

1. **City Procurement Document:** This Request for Proposal is issued by the City. No alteration of any portion of this Request for Proposal by an Offeror is permitted and any attempt to do so shall result in vendor's proposal Offer being considered nonresponsive, and rejected. No alteration of any portion of a resultant Contract is permitted without the written approval of the City Procurement Office and any attempt to do so shall be considered a breach of the Contract. Any such action is subject to the legal and contractual remedies available to the City inclusive of, but not limited to, Contract termination and/or suspension of the Contractor.
2. **Offer Acceptance Period:** To allow for an adequate evaluation, the City requires the vendor's proposal Offer in response to this Request for Proposal to be valid and irrevocable for 120 days after the proposal due time and date.
3. **Contract Type:** Term with justifiable price adjustments allowed, indefinite quantity.
4. **Term of Contract:** The term of the Contract shall commence on the date of award and shall continue for a period of one (1) year thereafter, unless terminated, canceled or extended as otherwise provided herein.
5. **Contract Renewal:** The City reserves the right to unilaterally extend the period of any resultant Contract for ninety (90) days beyond the stated term. In addition, the City at its option may renew for supplemental terms of up to a maximum of four (4) additional years. The period for any single renewal increment shall be determined by the City Procurement Office. Such increment shall not be for more than a period of one (1) year each, unless the City is eligible to obtain a significant cost and/or supply advantage by a longer Contract renewal period.
6. **Price Adjustment:**
 - A. The Procurement Office will review fully documented requests for price increases after the Contract has been in effect for six (6) months. The requested price increase must be based upon a cost increase that was clearly unpredictable at the time of the Proposal and can be shown to directly affect the price of the item concerned. The City Procurement Office will determine whether the requested price increase, or an alternative option, is in the best interest of the City. Advanced thirty (30) day written notification by Contractor is required for any price changes. All price adjustments will be effective on the first day of the month following approval or acceptance by the City Procurement Office. After the City approves a price increase the Contractor shall not be eligible to receive an additional increase until six (6) months from the date of the last approved price increase.
 - B. Price increase requests must be acknowledged in writing by the City Procurement Office before becoming effective. If not acknowledged within thirty (30) days, Contractor shall contact the City Procurement Office to assure the price increase request was received.
 - C. The Contractor shall offer any published price reduction or if applicable to Contract, profit sharing price advantage to the City concurrent with its announcement to other customers. A price reduction or profit sharing price advantage may be offered at any time during the terms of an awarded Contract and shall become effective upon notice and acceptance. The City shall likewise take advantage of any special sales discounts offered to the general public, which exceed contracted price discounts extended to the City by the Contractor.
7. **Multiple Awards:** The City has a large number and variety of potential customer departments. In order to assure that any ensuing Contracts will allow the City to fulfill current and future requirements, the City reserves the right to award Contracts to multiple companies. The actual utilization of any Contract will be at the sole discretion of the City. The fact that the City may make multiple awards should be taken into consideration by each Offeror.

8. **Insurance:**

- A. **Insurance Required:** Prior to commencing services under this Contract, Contractor shall procure and maintain for the duration of the Contract insurance against claims for injuries (including death) to persons and damages to property, which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, employees, subcontractors, or sub-subcontractors. For Offerors with self-insurance, proof of self-insurance with minimum limits expressed below must be submitted on proper forms for evaluation prior to award of Contract.

A Contract Award Notice or Purchase Order will not be issued to a Vendor until receipt of all required insurance documents by the City Procurement Office with such documents meeting all requirements herein. In addition, before any Contract renewal, all required insurance must be in force and on file with the City Procurement Office. Contractor must submit required insurance within ten (10) calendar days after request by the City Procurement Office or the award may be rescinded and another Vendor selected for award.

- B. **Minimum Limits of Coverage:** Without limiting any obligations or liabilities, the Contractor, at its sole expense, shall purchase and maintain the minimum insurance specified below with companies duly licensed or otherwise approved by the State of Arizona, Department of Insurance and with forms satisfactory to the City. Each insurer shall have a current A.M. Best Company, Inc., rating of not less than A-VII. Use of alternative insurers requires prior approval from the City.

- i. **Minimum Limits of Insurance.** Contractor shall maintain limits no less than:

a. **Commercial General Liability**

Commercial general liability insurance limit of not less than \$1,000,000 for each occurrence, with a \$2,000,000 general aggregate limit. The general aggregate limit shall apply separately to the services under this Contract or the general aggregate shall be twice the required per occurrence limit. The policy shall be primary and include coverage for bodily injury, property damage, personal injury, products, completed operations, and blanket contractual coverage, including but not limited to the liability assumed under the indemnification provisions of this Contract which coverage will be at least as broad as insurance service officer policy form CG2010 11/85 edition or any replacement thereof.

In the event the general liability policy is written on a "claims made" basis, coverage shall extend for two (2) years past completion and acceptance of the services as evidenced by annual certificates of insurance.

Such policy shall contain a "severability of interests" provision.

b. **Worker's Compensation**

The Contractor shall carry worker's compensation insurance to cover obligations imposed by federal and state statutes having jurisdiction of Contractor employees engaged in the performance of services; and employer's liability insurance of not less than \$100,000 for each accident, \$100,000 disease for each employee and \$500,000 disease policy limit.

In case services are subcontracted, the Contractor will require the subcontractor to provide worker's compensation and employer's liability to at least the same extent as provided by Contractor.

c. **Automobile Liability**

Commercial business automobile liability insurance with a combined single life or bodily injury and property damages of not less than \$1,000,000 per accident regarding any owned, hired, and non-owned vehicles assigned to or used in performance of the Contractor services. Coverage will be at least as broad as coverage Code 1 "any auto". Insurance Service Office policy form CA0001 Y87 or any replacements thereof. Such coverage shall include coverage for loading and unloading hazards.

- C. Additional Insured. The insurance coverage, except for workers compensation and professional liability coverage, required by this Contract, shall name the City, its agents, representatives, directors, officials, employees, and officers, as additional insureds, and shall specify that insurance afforded the Contractor shall be primary insurance. This provision and the naming of the city as an additional insured shall in no way be construed as giving rise to responsibility or liability of the City for applicable deductible amounts under such policy(s).
- D. Coverage Term. All insurance required herein shall be maintained in full force and effect until all work or service required to be performed under the terms of the Contract is satisfactorily completed and formally accepted by the City. Failure to do so shall constitute a material breach of this Contract.
- E. Primary Coverage. Contractor's insurance shall be primary insurance to the City, and any insurance or self insurance maintained by the City shall not contribute to it.
- F. Claim Reporting. Any failure to comply with the claim reporting provisions of the policies or any breach of a policy warranty shall not affect coverage afforded under the policy to protect the City.
- G. Waiver. The policies, including workers' compensation, shall contain a waiver of transfer rights of recovery (subrogation) against the City, its agents, representatives, directors, officers, and employees for any claims arising out of the work or services of the Contractor.
- H. Deductible/Retention. The policies may provide coverage which contain deductibles or self-insured retentions. Such deductible and/or self insured retentions shall be disclosed by the contractor and shall not be applicable with respect to the coverage provided to the City under such policies. Contractor shall be solely responsible for deductible and/or self-insurance retention and the City, at its option, may require Contractor to secure the payment of such deductible or self-insured retentions by a surety bond or an irrevocable and unconditional letter of credit.
- I. Certificates of Insurance. Prior to commencing work or services under this Contract, Contractor shall furnish the City with certificates of insurance, or formal endorsements as required by the Contract, issued by the Contractor's insurer(s), as evidence that policies providing the required coverages, conditions, and limits required by this Contract are in full force and effect. Such certificates shall identify this Contract number or name and shall provide for not less than thirty (30) days advance notice of cancellation, termination, or material alteration. Such certificates shall be sent directly to: Contract Administrator, City of Tempe, P. O. Box 5002, Tempe, AZ 85280.
- J. Copies of Policies. The City reserves the right to request and to receive, within ten (10) working days, certified copies of any or all of the above policies and/or endorsements. The City shall not be obligated, however, to review same or to advise Contractor of any deficiencies in such policies and endorsements, and such receipt shall not relieve Contractor from, or be deemed a waiver of, the City's right to insist on strict fulfillment of Contractor's obligations under this Contract.

9. **Payments - After Acceptance of Delivery:** Payment in full shall be made to the Contractor within thirty (30) days after receipt and acceptance of delivery by the City, unless terms other than net thirty (30) days are offered as a discount, at the City's sole discretion.
