

# Glendale Community Band Celebrates 45 Years of Summer Concerts

A Glendale institution celebrates a milestone this year, as the Glendale Summer Band kicks off its 45th season June 2 in downtown Glendale. Sponsored by Glendale's Office of Special Events, the eight-week concert series takes place each Thursday at 8 p.m. in the Murphy Park Amphitheater, located at 59th Avenue and Glenn Drive. Music lovers of all ages will be entertained by this community band of approximately 100 musicians with its renditions of marches, ballads and show tunes.

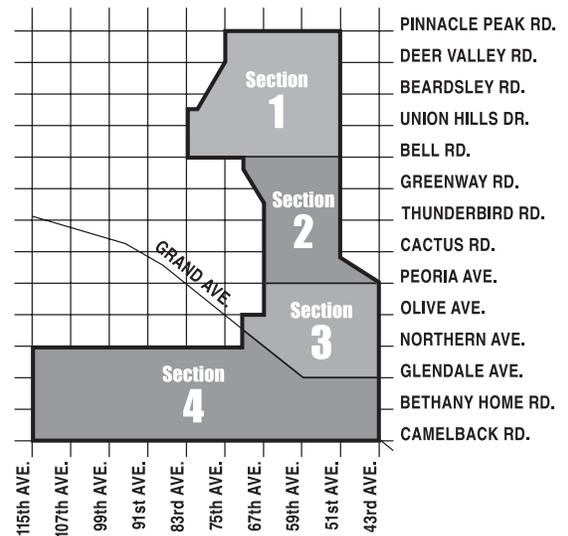

The Glendale Summer Band, conducted by John Faris, is the longest-running community band in Arizona. The ages of the volunteer band members span several generations. The band was formed in 1966, originally playing at O'Neil Park, and moving to Murphy Park when the amphitheater was built.

The free concerts are the perfect night out for the entire family, or gather your friends, neighbors, the whole gang! Bring lawn chairs or blankets for seating. Refreshments will be available for purchase at the concerts, which will go on through July 21.

# A Message from Councilmember Joyce Clark Recycling in Glendale

To dump or not to dump...into the recycle bin...that is the question. We've all been confused

at one time or another. Do I put this piece of plastic in the recycle container? So, we rationalize that it is some form of plastic and in it goes.

For the first time in eleven years, since Glendale started its curbside recycling program, this won't be a problem anymore. We have always taken plastic with a number 1 or 2 on the bottom of the container. Now, we will take any plastic that has a number 1 through number 7 inside the recycling symbol. You can gleefully throw beverage cups, margarine and sour cream tubs, plastic food packages and yogurt containers without a hint of guilt. A word of caution - children's diapers have always been a NO-NO.

Other items that we still do not accept are flexible plastics like dry cleaning bags, grocery bags, and shrink wrap. We still do not take Styrofoam cups, egg cartons, packing peanuts or any form of glass.

For those of you who are exceptionally neat, do not bag and tie your plastics as you do for regular trash. We do ask that your plastics are empty, rinsed and dry. I'm not sure any of us would like to sort yucky, spoiled food containers as our recycling employees do on a regular basis.

If you still have questions after reading this article, you can call 623-930-2660 and they will be happy to help you. You can call the same number for a handy, dandy refrigerator magnet that lists recyclables or visit [glendaleaz.com/sanitation](http://glendaleaz.com/sanitation) for lots of information.

## Summer Holiday Shopping Specials!

Downtown Glendale will celebrate a fun-filled day of early holiday shopping and dining on Saturday, July 16 from 10 a.m. to 4 p.m. It's never too early to start shopping for the holidays. Celebrate the joy of the season early and enjoy holiday crafts, sweet treats and exclusive deals in Historic Downtown Glendale. Shoppers will start at the Glendale Visitor Center to pick up a map and discount coupons. And to give back to the community, the Glendale Visitor Center and many downtown shops will be hosting a Back to School Supply Drive to benefit local elementary schools.

## Glendale Increases Utility Deposits To Better Manage Delinquent Accounts

For the first time in 19 years, the city of Glendale has made an adjustment to its deposit for water, sewer and sanitation accounts, for new utility accounts only. For residential property owners and renters, the deposit amount is now \$200. For commercial customers, the deposit ranges from \$250 to \$300, depending on the meter size. This amount is approximately two months of utility bills paid by the average customer. Accounts that become delinquent and require shut-off typically have about two months of unpaid charges;

therefore, this deposit would assist in recovering a portion, if not all, of any unpaid charges as well as the staff costs associated with turning off delinquent accounts. Along with the adjustment to the deposit, Glendale has changed the administrative procedure pertaining to deposits.

Utility services can now be contracted with renters. Renters must supply the city with a lease agreement and deposit before an account will be opened. Contracting services with the renter ensures that all

charges remain the responsibility of the renter, not the property owner.

Furthermore, residential property owners who have six consecutive months of good account history may request a refund of their deposit beginning in the seventh month of service. Tenant and commercial accounts will have the deposit remain on the account until the account is closed and all outstanding charges are paid.
