

The City of Glendale, Maricopa County, Arizona, has been reinstated into the **Regular Phase** of the NFIP effective today, **November 15, 2013**. The City of Glendale was suspended on October 17, 2013, for failure to adopt a compliant ordinance.

Please note that flood insurance policies may be written in the City of Glendale today, however, it may take longer for all the insurance systems to update to reflect the change. The City will be reinstated with the Community Rating System (Class 7) unchanged. Class 7 provide a 15% discount on flood insurance premiums.

I appreciate the fact that the City took full responsibility for this action, and expedited the ordinance adoption process.

Sincerely,

*Patricia Rippe*
