**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members of City Council
City of Glendale, Arizona
Glendale, Arizona

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Glendale, Arizona (City), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 12, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a deficiency in internal control, described as item 2016-001 in the accompanying schedule of findings and questioned costs we consider to be a material weakness.

.

The Honorable Mayor and Members of City Council
City of Glendale, Arizona

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Glendale, Arizona's Responses to Findings

The City's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response is not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE,
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

The Honorable Mayor and Members of City Council
City of Glendale, Arizona
Glendale, Arizona

Report on Compliance for Each Major Federal Program

We have audited the City of Glendale, Arizona (City)'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2016. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of Glendale, Arizona complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The Honorable Mayor and Members of City Council
City of Glendale, Arizona

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Glendale, Arizona as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 12, 2016, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

City of Glendale, Arizona (An Arizona Municipality)
Notes to Schedule of Expenditures of Federal Awards
For the Year Ended June 30, 2016

NOTE 1 BASIS OF PRESENTATION

The Schedule of Expenditures of Federal Awards includes the federal grant activity of the City of Glendale, Arizona as of and for the year ended June 30, 2016. The information in this schedule is presented in accordance with the requirements of the Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Federal awards received directly from Federal agencies, as well as federal financial assistance passed through other entities, are included on the Schedule of Expenditures of Federal Awards and is presented on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial reports.

NOTE 2 CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) NUMBERS

The program titles and CFDA numbers were obtained from the federal or pass-through grantor or the 2016 *Catalog of Federal Domestic Assistance*.

Each program included in the CFDA is assigned a five-digit program identification number (CFDA number), the first two digits designating federal agency and the last three digits designating federal assistance program within the federal agency. The CFDA number is reflected in the Schedule of Expenditures of Federal Awards (SEFA). Federal assistance programs and awards which have not been assigned a CFDA number, but have a grant award or agreement number, are assigned a five digit code consisting of the first two digits indicating federal agency and the last three digits all zeros.

Cluster of Programs - Closely related programs with different CFDA numbers that share common compliance requirements are considered a cluster of programs. The only program clusters presented on the SEFA are those mandated by OMB in the most recent *OMB Compliance Supplement* (June 2016). The SEFA is structured to present the federal assistance information by cluster with the title of the cluster appearing in the heading.

NOTE 3 INDIRECT COST RATE

The City of Glendale, Arizona did not elect to use the 10 percent de minimis indirect cost rate as covered in 2 CFR 200.414

City of Glendale, Arizona (An Arizona Municipality)

14.871	Section 8 Housing Choice Vouchers

Dollar threshold used to distinguish between Type A and Type B programs: \$750,000

Auditee qualified as low-risk auditee? yes X no

SECTION II – FINANCIAL STATEMENT FINDINGS

2016-001:Material Audit Adjustments

Condition/Criteria: During the course of our audit, we proposed and the City subsequently recorded material audit adjustments to correct the other postemployment benefits (OPEB) and deferred outflows and inflows of resources related to pensions.

Context: The following material audit adjustments were proposed during the audit and subsequently recorded by management:

- Due to a change in the retiree contribution rate for other postemployment benefits, the actuarial accrued liability was significantly reduced and the net other postemployment benefits obligation (NOO) was overstated. We proposed the City either adjust the NOO or early implement Governmental Accounting Standards Board Statement (GASBS) Number 75. Management elected to early adopt GASBS Number 75.
- Management miss-posted the deferred outflows of resources and deferred inflows of resources when recording the Arizona State Retirement System pension liability, deferred outflows of resources, deferred inflows of resources and pension expense, resulting in an understatement of both the deferred outflows and deferred inflows of resources. We proposed and the City subsequently recorded an entry to correct the understatement.

Effect: Internal control weakness as material audit adjustments were proposed and subsequently recorded by management to properly state the financial statements in accordance with generally accepted accounting principles.

Cause: Management was unaware of the provision in the GASBS Number 45 Question and Answer Implementation Guide to adjust the NOO for significant changes in assumptions and estimates. The miss-posted deferred outflows and deferred inflows of resources related the Arizona State Retirement System pension liability was an oversight in the preparation and review of the proposed adjusting journal entry.

Recommendation: We recommend the City evaluate its internal control processes over year-end closing procedures to ensure OPEB and Pension related activity is properly reconciled and recorded during the fiscal year and at year-end.

Response: The City concurs with this recommendation and will review its year-end closeout procedures to ensure activity is properly reconciled and reported in the next fiscal year. The City early adopted the provisions of GASBS Number 75 to correct the OPEB obligation and will monitor future adjustments that may be required as a result of significant changes in the assumptions or estimates.
