CONSTRUCTION ACTIVITY UPDATE

Last week the contractor completed placement of decomposed granite along the west side of 91st Avenue, painted temporary stripes on the parking lot and installed driveway gates at Westgate Center. Crews currently are installing electrical service for the parking lot lights. The lot will be open and ready for use on August 12, 2016, in time for the pre-season football game. Construction crews will return in early September to put permanent stripes on the parking lot.

ABOUT THE PROJECT

The city of Glendale is constructing a new parking lot on the southwest corner of 91st and Maryland avenues. The new lot will add 2700 parking spaces to accommodate Westgate Center visitors and employees. Additional improvements planned for the new parking lot site include the installation of storm water basins, curb, sidewalk, lighting and a screen wall.
