B. MODIFY: PRICE SHEET Section 5.4 has been modified as follows:

5.4 Due to the variety of metals involved and to the fluctuating prices of metals, all vendors are requested to bid their price based upon the American Metals Market (AMM) for their appropriate metal pricing, using the first publication of the month, first Friday of the month.

5.4.1 Price is to be firm until the first publication of the following month.

5.4.2 All Ferrous pricing is to be based on #1 heavy melt, Los Angeles Market high side.

5.4.3 All other "Types of Metal" pricing is based on the appropriate type (Copper, Brass, etc...) Los Angeles Market high side.

5.5 Example: AMM \$245.00 GT times .50 (multiplier) equals \$122.50 GT, freight included from City Municipal Landfill in Glendale, Arizona to the final destination determined by contractor. This will be the price paid to City for all materials removed from the City facility.
