**National Magazine Ranks Glendale as “Top Dog” in Southwest for Canine-Friendly Communities.** *Dog Fancy Magazine* named the city of Glendale regional runner-up in the Southwest in its 2013 DogTown USA ranking. With a dog population of 43,000, the city prides itself on offering dog-friendly businesses, attractions and amenities.

The article highlights Glendale’s four-legged community features such as three special dog parks that offer agility equipment; an annual “*Dog Days of Summer*” event sponsored by the Glendale Convention & Visitors Bureau and downtown merchants; dining experiences for pet owners at various restaurants with patio seating and city dogs who work for various programs in the community. For example, the Glendale Library has a reading dog program called *Read with Jessie*. The loveable Golden Retriever at Foothills Library allows children to practice reading to a dog, helping them become more comfortable reading. The next sessions are Sept. 11 and Sept. 25 for children 5 years and older. To reserve a spot, call 623-930-3837.

The Glendale Fire Department has two working dogs: Gizzi accompanies Fire’s public education manager to schools to teach children fire safety measures, and Topaz serves as a crisis response dog, helping those impacted by traumatic situations. In addition, Glendale Fire carries special FIDO pet rescue bags, supported by community donations. The FIDO bags, created by a Glendale firefighter, are medical bags containing customized oxygen masks and other medical supplies specifically made to care for animals in emergency situations. The bags were placed on Glendale fire trucks in 2007 after the Sun Valley Animal Shelter made a generous donation of \$4,000 to fund the FIDO bag program. Having saved numerous animals using the FIDO bag equipment, Glendale Firefighters believe the bags are a necessity since 70% of households have pets.

Projects and activities for dogs are not the only reason that Glendale was selected by the magazine, as part of the process included evaluating whether Glendale serves as an optimal pet destination. Approximately 58 percent of pet owners now travel with their pets, and dogs lead the pack as the most popular pet travel companion, according to *Petsweekly.com*.

The Glendale ranking is listed in the upcoming September issue of *Dog Fancy Magazine*. For more information, call 623.930.4500 or visit [www.visitglendale.com](http://www.visitglendale.com).

**Need to Communicate with the Glendale Police Department? We have an App for that!** The public can now communicate with the Glendale Police Department through the use of a smartphone app! Nationally, studies are revealing that mobile subscribers are using apps to obtain information more than browsing the web. Recently, the department launched its first-ever smartphone app! The app helps the Glendale Police Department continue to enhance the level of service provided daily to our community by placing our services directly at the citizen’s fingertips. The Glendale Police Department partnered with [WiredBlue LLC](http://WiredBlue.com) to develop the smartphone application, which is called the “**My Police Department**” or “**MyPD**” App. The MyPD App is spreading in popularity nationwide. Over 100 agencies across the nation and Canada are using the MyPD App for their departmental smartphone applications. The Glendale

Police Department is one of only two agencies in the state of Arizona to utilize the app.

The MyPD App can be downloaded on most mobile devices to include iPhone and Android smartphones as well as tablet PCs such as the Galaxy and iPads. The MyPD App can be downloaded free of charge by searching for My Police Department or MyPD in the iPhone or Android marketplace. Once downloaded, you simply navigate to the Glendale Police Department.

Please be aware the app is not actively monitored at all times and is not intended for emergency situations. Please call 911 immediately for all emergencies.
