**Glendale Residents Save Money Through Prescription Drug Savings Program.** With flu season underway, it is an ideal time to remind Glendale residents to pick up one of the *Coast2Coast Rx* prescription discount cards that will not only save families money, but keep everyone healthier as well. Glendale's partnership with Financial Marketing Concepts, Inc. (FMC) for a prescription drug discount program has averaged 66% savings on prescriptions.

During the first fiscal year (FY 12-13) of the program, participants using the discount through Glendale's program turned in more than 7,000 prescription claims, averaging 66% savings that equates to more than \$90,000 saved by participants.

The *Coast2Coast Rx* card allows all Glendale residents, regardless of income, age or health status to participate in the program and save on the cost of their medications. Besides the discount on prescriptions, the card also provides dental, vision, diabetes and hearing discounts up to 50% for the entire family and 50 to 80% discounts for lab and imaging tests, helping residents save on these services. **New Names Selected for Two Glendale Parks Through Public Input.** A regional park that went by the unofficial name of “Western Area Regional Park” for several years has now received the name of Glendale Heroes Regional Park. Another neighborhood park also received a name, Orangewood Vista Park.

Both parks have been open to the public while the process of naming them was coordinated. A six-month public review and participation process was held. Once the final names were selected, they were presented to the Glendale Parks and Recreation Commission, where the members voted unanimously for them. With the Commission’s recommendation, the names were brought to the Glendale City Council in August made official.

Recently, the signage with the official name was installed at Glendale Heroes Regional Park. The sign depicts silhouette busts of a firefighter and police officer representing the city’s working heroes.

Glendale Heroes Regional Park is located at 6121 N. 83rd Ave. and the 88-acre facility has been constructed in phases. Currently the park features six basketball courts, two playground areas, a splash pad, the “X-Court” BMX/skateboarding facility, 16 covered ramadas, an outdoor volleyball court, restrooms and open green space for a variety of activities.

Adjacent to Sunset Vista Elementary School, the 10-acre Orangewood Vista Park at 7801 W. Orangewood Ave., consists of four lighted basketball courts; a three-acre green space area for soccer, flag football and active recreation; a trail system; and a playground area with a shade structure.
