

47TH AVENUE DRAINAGE IMPROVEMENT PROJECT

C I T Y O F G L E N D A L E

NOTICE OF CONSTRUCTION

A new 42" storm drain will be installed in 47th Avenue starting just north of Glendale Avenue and extending to just north of Orangewood Avenue.

The new storm drain will address flooding problems at the intersection of 47th and State avenues. The project also includes the construction of new drainage structures, including new catch basins upstream of Glendale Avenue to reduce the surface runoff that is discharged to Glendale Avenue.

Construction is expected to start in late March and take approximately 4 months.

Please call the construction hotline at 602-750-7139 for further information.

TRAFFIC RESTRICTIONS

During construction, on-street parking will not be permitted. Traffic lane restrictions and alternating sidewalk closures are anticipated.

Be alert to changes in temporary construction signage and flag persons when driving through the construction zone. Access will be maintained for residents, businesses and emergency vehicles at all times.
