## TRAFFIC ENGINEERING AND OPERATIONS EQUIPMENT ADDENDUM NO. 2

As a result of the pre-proposal conference conducted on November 27, 2018, the following revisions and clarifications have been made to Request for Proposal No. 19-07:

- 1. Bidders' Questions and the City's Response are as follows:
  - **1.1 QUESTION:** Item# 2, Page 19, Field Switch. This bid item shows 7 bid items but only a unit price for one. How would you like vendors to bid on the 7 bid items?

**RESPONSE:** Seven separate item numbers, one for each approved device is added in the attached REVISED Core Products List Price Sheet.

- **1.2 QUESTION:** Item# 17, Page 28, TS2 Cabinet Power Supply. The specs listed under this bid refer to cabinet specs and not the TS2 Cabinet power supply.
  - **RESPONSE:** The specs for the Cabinet Power Supply are located under Item# 17, Auxiliary Devices, Section 0.6.
- **1.3 QUESTION:** Item# 32 & 33, Page 66, Will the push button systems require remote access? **RESPONSE:** No, it is not required to have remote access as long as it can programmed with direct connection.
- **1.4 QUESTION:** Item# 34, This is a fairly heavy gauge and the weight is a lot. How do you want it packaged?

**RESPONSE:** This needs to be packaged in 500 foot rolls on a 30"x24" reel. (See attached REVISED Core Products List Price Sheet)

- **1.5 QUESTION:** Item# 96. Price Sheet only indicates that the pricing is per each, but the Wireless Detection system components will vary depending on intersection size and lane configuration. Is there a standard size intersection we should use to calculate the system price?
  - **RESPONSE:** Each individual component of the system may be listed and priced. (See REVISED Core Products List Price Sheet Item# 96).
- **1.6 QUESTION:** Item# 97, Time Activated School Zone Flasher appears to have a mixed specification that includes the details of both a school zone flashing beacon system and a radar speed feedback sign. Can you please clarify whether Item# 97 is meant to be a scheduled school zone flashing beacon system, or whether it is meant to be another solar

power radar speed feedback sign?

**RESPONSE:** The specs for Item# 97 is incorrect. This item is meant to be Time Activated School Zone Flasher. The Part# is Solar Powered Eltec School Zone Flashing Beacon with NC-17 programmable clock (or approved equal). (See attached REVISED Core Products List Price Sheet).

**1.7 QUESTION:** If Item# 97 is meant to be a school zone flashing beacon system, can you please confirm how you would like the beacon to be scheduled (local programming, 3<sup>rd</sup> party time switch, remote monitoring and scheduling)? Could you also specify whether an 8" or 12" beacon is required and the associated quantity of beacons per pole?

**RESPONSE:** Item# 97 is meant to be a school zone flashing beacon system. This is scheduled by local programming. If remote monitoring and scheduling is an option, then it should be listed and submitted as a separate item. The beacon shall be 8" yellow vdc. If 12" is an option then it should be listed and submitted as a separate item. (See attached REVISED Core Products List Price Sheet).

**1.8 QUESTION:** Item# 97 specification needs clarification.

**RESPONSE:** Price Sheet Item# 97 has been revised to specify Brand name or Approved Equal. (See attached REVISED Core Products List Price Sheet).

**1.9 QUESTION:** Item# 98 specification needs clarification.

**RESPONSE:** : Price Sheet Item# 98 has been revised to specify Brand name or Approved Equal. (See attached REVISED Core Products List Price Sheet)

**1.10 QUESTION:** Item# 99 specification needs clarification.

**RESPONSE:** : Price Sheet Item# 99 has been revised to specify Brand name or Approved Equal. (See attached REVISED Core Products List Price Sheet).

**1.11 QUESTION:** Item# 119, What size is this roll of Type IV sheeting?

**RESPONSE:** Type IV sheeting shall be in sizes 30"x 50 yd and 36" x 50 yd rolls. (See attached REVISED Core Products List Price Sheet).

**1.12 QUESTION:** Item# 119, Is it correct to assume that quantity is Total Square Feet and not number of rolls?

**RESPONSE:** Quantities are requested in square footage not number of rolls.

1.13 QUESTION: Item# 141 needs specifications.

**RESPONSE:** Price Sheet Item# 141 has been revised as follows:

141.A, "Aluminum Traffic Sign Blanks, .100" gauge

141.B, "Aluminum Traffic Sign Blanks, .080" gauge

(See attached REVISED Core Products List Price Sheet).

**1.14 QUESTION:** For Item #'s 161 through 167, we would like you to consider Raised Pavement Markers with Pressure Sensitive Adhesive attached to these markers.

**RESPONSE:** Item #'s 161 through 167 will stay as is. We have decided that based on our roadway material, we will not be purchasing any pressure sensitive adhesive roadway markers.

- **1.15 QUESTION:** For Item# 187, we would like to encourage Glendale to specify the RR Crossing. **RESPONSE:** Item# 187 specs is revised as, "Patterned, RR 72" Crossing Kit" (See attached REVISED Core Products List Price Sheet).
- **1.16 QUESTION:** For Item# 188, There is no size specified.

**RESPONSE:** Price Sheet Item# 188 description is revised as follows:

"Patterned, 72" Helmeted Bicyclist Symbol."

Price Sheet Item# 189 and Equipment Specifications Item# 189 has been deleted. (See attached REVISED Core Products List Price Sheet).

**1.17 QUESTION:** Core items-Is it possible for a core item to be awarded to multiple vendors?

**RESPONSE:** Yes

**1.18 QUESTION:** Tariff Tax-Come January 1<sup>st</sup>, if tariff taxes are imposed, how does the City want the vendors to handle the tax?

**RESPONSE:** Tariff tax should be included as a separate line item in the Contractor's invoice.

**1.19 QUESTION:** Descriptive Literature-Does the City want descriptive literature for both Core Bid Items and the Catalog?

**RESPONSE:** If you're bidding on the same exact brand as stated in the Core Items List, you may not need to submit a descriptive literature with your bid. However, if you're submitting a different brand name or equivalent product, you may need to submit detailed description about the product so the City can evaluate that product appropriately.

Regarding the Catalog, please make sure your catalog contains catalog prices, product description, brand name, make and model of each product offered.
